Android Intern Assignment

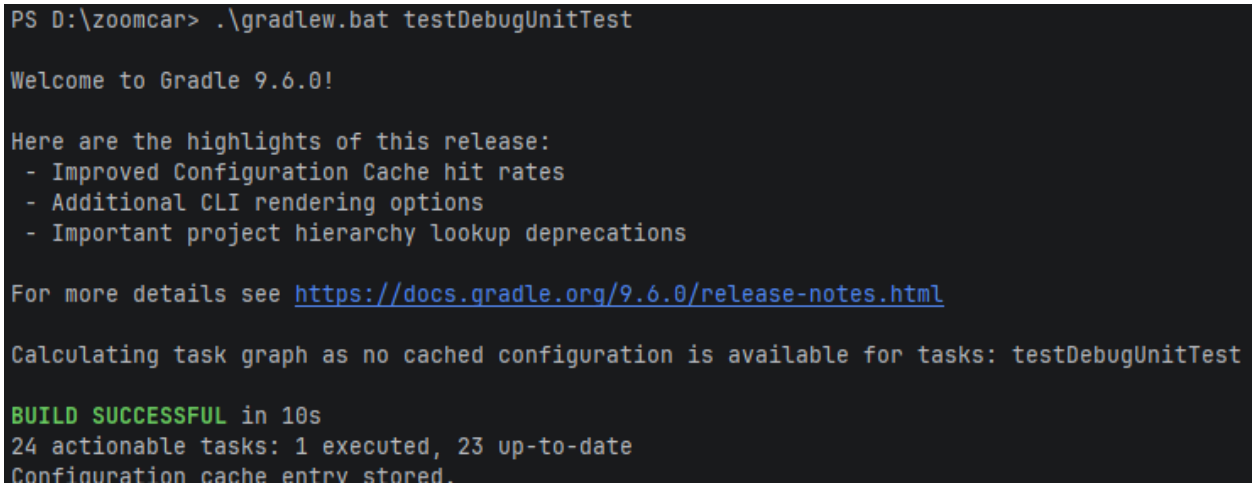

TasteIndia — Indian cuisine discovery

Offline Testing Verification

All 10 unit tests completed successfully with 0 failures and 0 skipped tests. The tests use FakeMealApiService and local test data to validate recipe serialization, filtering, and repository behavior without making requests to the live TheMealDB API.

Test command: .\gradlew.bat testDebugUnitTest

Result: 10 tests passed, 0 failures, 0 skipped.

All Results

● Gradle Test Run :app:testDebugUnitTest
